

Dear Community:

Our museum is in need of your help. We are coming to you on behalf of and in respect for our veterans. We are in the process of raising money for a Veterans Memorial Building to house our veterans exhibits. With the help of our veterans throughout the Tri-State area and the Armed Forces, we have grown to the point of needing a separate building for the veteran's exhibits. Help us remember our veterans past, present and future by helping us build a Veterans Memorial Building to house exhibits in honor of our veterans.

We will use the funds for a memorial building to house veterans exhibits that we know will be arriving in the near future. Lest we should never forget what they have done for us.

Additionally, a life-size 1940's Main Street scene will be constructed. This would illustrate the way people lived during World War II and their sacrifices for the war effort as well as the golden age of Hollywood. This is where we will remember such heroes and legends as Clark Gable, Roy Rogers, Shirley Temple and other stars from the past.

We have been acknowledged as a regional historic museum and are working hard to preserve our heritage.

You can become a contributing sponsor with \$ 200 or more yearly. Your name will be placed on our sponsor's wall for all of the visitors to see. This fund is separate from our building fund.

Extraordinary and large donors will have a permanent place of recognition
